HELLO, COLUMBUS!

At a recent meeting on Wall St., a California visitor informed us that Christopher Columbus had to be an alcoholic.

When he left, he didn't know where he was going. When he got there, he didn't know where he was. When he got back, they threw him in jail, and a woman picked up the tab for the whole trip.

SUPPORT

The activities of Intergroup in carrying the message to the still-suffering alcoholic and the public are supported by both group and individual donations.
