DECEMBER AREA MEETINGS

We have received no word from Area 7 or 8 about plans for Dec. area meetings although we heard earlier that Andrews would host a Christmas party. Also heard Sylva might also have one. There are also plans for a Yule gathering at Mustard Seed Club in Asheville.

IT'S THE SEASON TO BE JOLLY

For those of us who used to start warming up for Christmas Holiday by getting in the mood around Thanksgiving time (or even earlier), a sober Christmas and New Year's is a very special time and a reason for deep and humble gratitude.

No more shudders remembering what we did at office parties--or in some case, not even remembering what we did, which was worse when some kind sold reminded us. A jail cell is no place to be on Christmas eve but some of us have passed the holiday there.

This time of year, some of us step up our attendance at meetings remembering that the temptations of the holiday spirit have more than once caused our downfall.

For some reason, few AA groups cancel meetings that fall on Thanksgiving, Christmas or New Year's Eve. We don't know about others, but we know for ourselves that we can be at no better place than a meeting on these special occasions. For without AA, we might not be here at all.

To all the groups in WNC...and everywhere, Intergroup takes this occasion to wish you and yours a happy and sober holiday. And may your God bless you.
