FIRST FROM YOUR INTERGROUP

Those "pesky" lists that are in the hands of most of our groups are really serious this time. If you have not already signed up for the twelfth step list/ speaker list, please do so as soon as possible, as we are making wholly new lists. This means that you will not be carried over from last years sign-up.

To the groups, please return your lists as soon as possible, as we need to forge ahead with this project. On the other hand, if you have sent in already, and now need to supplement your list, we have 'em at the office.

EDITOR'S CORNER

There is at times, I am sure, some "resentment" at the supposed inflexibility of publishing schedule, as it relates to this news-letter, and the only excuse that there is for this is that this particular publication is being "handeled" by one who works, and at present, the rigours of my work schedule leaves me very little time for getting this to the printers, and then only at certain times in the cycle of a variable course of scheduleing. Let this then be my apology, as well as invitation to you to try to help me by getting your information into the office at the very earliest possible moment, and not NEED to ask, when is the last possible date, the deadline.

THANK YOU for all you have already done!!!!
